Introduction to Strategic Planning

• Prior to the 2018 Leadership Conference, the State Board invited Rebecca Norlander, a former leader at the state level, and a member of the National Board of Director’s Team that developed AAUW’s National Strategic Plan, to facilitate a discussion of the role of our National and State organization that would lead to a Washington State Strategic Plan.

• Interested members across the state were invited and participated in the process
What we learned

- We discussed the process used to develop the National Strategic Plan

- State members were given an opportunity to prioritize these strategies.
- Following that exercise, the Board identified the top 20.
